9:30 am–5:30pm

Start scheduling your [Capitol Hill visits](#) now!

Special Thanks to Our Sponsors:

In 2014, Walmart and the Walmart Foundation made a commitment to provide access to 4 billion meals to people in need by 2020. This past November we proudly announced that we met this commitment a year ahead of schedule thanks to the hard work of hunger relief organizations and advocates across the country. Once again, the Walmart Foundation is supporting the FRAC/Feeding America Anti-Hunger Policy conference by providing funding to help support attendance of nonprofit leaders from across the U.S. to participate in this important event.

General Mills works across the U.S. and around the world to end hunger and increase food security by leveraging our philanthropy as well as the food system knowledge and skills of our employees. In the U.S., we provide food and other critical support to Feeding America and its network of 200+ member food banks, while also supporting and collaborating with FRAC and No Kid Hungry so that every child and family member can begin their day well-nourished and ready to thrive. To learn more, go to [Generalmills.com/Responsibility/](https://www.generalmills.com/Responsibility/).

Kellogg Company Fund

Kellogg Company is fighting hunger and feeding people's potential by creating 3 billion Better Days by the end of 2025 through its Breakfasts for Better Days global signature cause. In the U.S., we partner with Feeding America and its network of food banks on our product donations. In addition, Kellogg Company and its charitable funds provide support to FRAC, Action for Healthy Kids, United Way and Share Our Strength's No Kid Hungry Campaign to help enable schools to expand participation in U.S. school breakfast programs.

AARP Foundation works to end senior poverty by helping vulnerable older adults build economic opportunity and social connections. As AARP's charitable affiliate, we serve AARP members and nonmembers alike. Bolstered by vigorous legal advocacy, we spark bold, innovative solutions that foster resilience, strengthen communities, and restore hope.

KidKare by Minute Menu offers software solutions for USDA nutrition programs. Since 1993, Minute Menu Systems has worked to support anti-hunger initiatives and improve the quality of child nutrition in the U.S., by ensuring that all CACFP stakeholders have the best management information systems available to them and to offer the support they need to feed children. You can find more about our organization at www.kidkare.com.
